Size 3½-4½, JUMBOS	4.50	30.00

Dear Customer:

Another year has rolled by and again we have the pleasure in mailing you our latest list of the finest bulbs money can buy. Our crop again is above par and our Gladiolus grown on sandy soil here are tops again. Crop in general is not so good in the larger sizes and will be short to fill all orders.

Michigan grown bulbs are much better than from other States as we have nice sandy soil and the right climate to produce quality stock.

If you have never bought from us before be sure to try our stock; it cannot be beat.

Our terms are always cash or C.O.D.

No charge for packing or boxes.

Yours for more business,
